The undersigned (whose title is supplied below) is empowered to act on behalf of  
Petitioner.

Documents establishing the chain of title of the subject patent application (including the  
aforementioned assignment and a notice from the Patent and Trademark Office noting its  
recording location) have been reviewed and I certify that, to the best of my knowledge and belief,  
title is in Petitioner.

**Terminal Disclaimer**

Petitioner hereby disclaims, except as provided below, the terminal part of any patent  
granted on the above-identified patent application that would extend beyond the expiration date  
of a full statutory term as defined in 35 U.S.C. §154 to §156 and §173 of the Patents, not  
shortened by terminal disclaimer. Petitioner hereby agrees that any patent granted on the above-  
identified patent application shall be enforceable only for and during such period that the legal  
title to such patent and the Patents are commonly owned. This agreement is to run with any  
patent granted on the above-identified patent application and to be binding upon the grantee, its  
successors and assigns.

**Limitations on the Disclaimer**

In making the above disclaimer, Petitioner does not disclaim any terminal part of any patent granted on the above-identified patent application prior to the expiration date of the full statutory term, not shortened by terminal disclaimer, of the Patents, if any one or more of such Patents: (1) expire for failure to pay a maintenance fee; (2) is held unenforceable or are found invalid by a court of competent jurisdiction; (3) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321; (4) has all claims canceled by a reexamination certificate; (5) is reissued; or (6) is otherwise terminated prior to the expiration of their full statutory term.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made herein on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under 18 U.S.C. §1001 and that such willful false statements may jeopardize the validity of the above-identified application or any patent issuing thereon.

Respectfully submitted,

Date: September 12, 2008
